

Welcome to Computing and ICT

What is the difference between Computing and ICT?

How does it work?

What will it do?

Computer Science GCSE

- Exam Board - AQA
- 2 exam papers in Year 11
- Covers a range of interesting topics:
 - Algorithms and problem solving
 - Programming
 - How data is stored in a computer
 - How computer systems are made up
 - Networks
 - Cyber Security
 - Databases
 - Legal and ethical issues

OCR National Creative iMedia

- This is a vocational course
- 1 exam in Year 11 about Creative iMedia in the media industry. This is 1 hour 30 minutes long.
- 2 units of coursework:
 - Visual Identity and Digital Graphics (compulsory)
 - Interactive Digital Media or
 - Digital Games

Where do they
lead?

- All courses are perfect to lead onto our Cambridge Technical Diploma.
- They are great for helping towards other courses such as apprenticeships and courses at college.
