PRIVACY NOTICE FOR PARENTS / CARERS
– USE OF YOUR CHILD’S PERSONAL DATA

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing ‘privacy notices’ (sometimes called ‘fair processing notices’) to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about **pupils**.

We, St John Fisher Catholic High School, Park Lane, Peterborough PE1 5JN and St John the Baptist Catholic Multi Academy Trust (Company Number 7913261) are the ‘data controller’ for the purposes of data protection law.

Our data protection officer is John Eady (see ‘Contact us’ below).

We may also hold data about pupils that we have received from other organisations, including other schools, local authorities and the Department for Education.

Why we use this data

We use this data to:

- Support pupil learning
- Monitor and report on pupil progress and attainment
- Provide appropriate pastoral care
- Protect pupil welfare
- Assess the quality of our services
- Inform the professional development of staff
- Administer admissions waiting lists
- Carry out research
- Meet the statutory duties placed upon us for DfE data collections
- Provide information for the Diocesan census return
- Comply with the law regarding data sharing

Our legal basis for using this data

We only collect and use pupils' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation
- We need it to perform an official task in the public interest

Less commonly, we may also process pupils' personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use pupils' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds which justify our use of this data.

Collecting this information

We collect pupil information from a variety of sources, the principal means being from the Local Authority using the secure Admissions Transfer File at the common entry points for Year 7 and Year 12, Common Transfer Files (CTFs) for in-year entries and secure file transfers from previous schools, and through the Student Details registration form received from parents at the beginning of a pupil's time with us.

While the majority of information we collect about pupils is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

How we store this data

We keep personal information about pupils while they are attending our school. We may also keep it beyond their attendance at our school if this is necessary in order to comply with our legal obligations. The [Information and Records Management Society's toolkit for schools](#) sets out how long we keep information about pupils.

Data sharing

We do not share information about pupils with any third party without consent unless the law and our policies allow us to do so.

Where it is legally required, or necessary (and it complies with data protection law) we may share personal information about pupils with:

- The local authority where the school is based, or where you live – to meet our legal obligations to share certain information with it, such as safeguarding concerns and exclusions
- The Department for Education
- The Roman Catholic Diocese of East Anglia
- The pupil's family and representatives
- Educators and examining bodies
- Schools that pupils may attend after leaving us

National Pupil Database

We are required to provide information about pupils to the Department for Education as part of statutory data collections such as the school census.

Some of this information is then stored in the [National Pupil Database](#) (NPD), which is owned and managed by the Department and provides evidence on school performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

The Department for Education may share information from the NPD with other organisations which promote children's education or wellbeing in England. Such organisations must agree to strict terms and conditions about how they will use the data.

For more information, see the Department's webpage on [how it collects and shares research data](#).

You can also [contact the Department for Education](#) with any further questions about the NPD.

Youth support services

Once our pupils reach the age of 13, we are legally required to pass on certain information about them to the local authority where the school is based, or where you live, and HelpYouChoose, as it has legal responsibilities regarding the education or training of 13-19 year-olds.

This information enables it to provide youth support services, post-16 education and training services, and careers advisers.

Parents/carers, or pupils once aged 16 or over, can contact our data protection officer to request that we only pass the individual's name, address and date of birth to the local authority where the school is based, or where you live, and HelpYouChoose.

Transferring data internationally

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

Parents and pupils' rights regarding personal data

Individuals have a right to make a **'subject access request'** to gain access to personal information that the school holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

If you make a subject access request, and if we do hold information about you or your child, we will:

- Give you a description of it
- Tell you why we are holding and processing it, and how long we will keep it for
- Explain where we got it from, if not from you or your child
- Tell you who it has been, or will be, shared with
- Let you know whether any automated decision-making is being applied to the data, and any consequences of this
- Give you a copy of the information in an intelligible form

We maintain the right to withhold information if we consider that the release of such material may harm the welfare, or put at risk the welfare of pupils or staff.

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

If you would like to make a request please contact our data protection officer.

Although there is no legal requirement for academies to allow parental access to their child's educational record, as part of St John the Baptist Catholic Multi Academy Trust we allow parents/carers access to their child's educational record. To request access, please contact the data protection officer.

Other rights

Under data protection law, individuals have certain rights regarding how their personal data is used and kept safe, including the right to:

- Object to the use of personal data if it would cause, or is causing, damage or distress
- Prevent it being used to send direct marketing

St John Fisher Catholic High School – Privacy Notice for parents/carers

- Object to decisions being taken by automated means (by a computer or machine, rather than by a person)

To exercise any of these rights, please contact our data protection officer.

Complaints

We take any complaints about our collection and use of personal information very seriously.

If you think that our collection or use of personal information is unfair, misleading or inappropriate, or have any other concern about our data processing, please raise this with us in the first instance.
